

National Cadet Corps (NCC) Activities

NCC was introduced in Bihar in the year 1948 with 1950 Senior Division Cadets and 4050 Junior Division Cadets. It was then organized as circle HQ and units. The strength of cadets rose considerably due to NCC being made compulsory in 1963. Bihar Veterinary College (BVC) is one of the oldest Veterinary College of India. Earlier BVC, Patna was not having NCC UNIT. For the first time NCC unit (1st Bihar armoured Sqn) introduced at BVC, Patna on 1st September 2018 under the leadership of Dr Gyan Dev Singh, Assistant Professor, Veterinary Clinical Complex, Bihar Veterinary College, Patna. 20 boys Students from B.V. Sc. & A.H. first year was enrolled as a cadets first time.

When we speak of a cadet it is basically centred around NCC cadets of Bihar mostly in the remote and interior areas. But before we plunge ourselves into the peculiarities of this region specifically we need to understand the nuances of guidance and counselling and the thin line that divides the two. Though aim of NCC is to provide a suitable environment for preparing cadets for a career in defining the motherland, greater emphasis is to be enable them to be model citizens of the country, excel in any chosen profession and prepare them for selfless service of the nation and provide a disciplined pathway to cadets.

Keeping the above facts in mind the cadets was given rigorous training, lecture, drill practice by expert from NCC HQ. The cadets were also involved in many activities like “**World No-Tobacco Day**” on 31st May, 2019 to create awareness among society to quit tobacco, Plantation activity at Bihar Veterinary College on the occasion of **World Environment Day** on 5th June, 2019, etc.
