Talk on Importance of Meditation, Unity of Mind and Body, Thought and Action

Meditation helps in unification of mind and body, which is required to avoid the transgression of thoughts into the mind that leads dissatisfaction, distress and dejection. Occupied mind often fails to transform the low energy into high and reduces the unlimited capabilities and potential of human mind. A mismatch in thoughts and actions induces many internal conflicts and cause dissatisfaction, which is impacting the human life negatively. Yoga is one of the ways that helps integration of mind and body to manage inadvertent thoughts and convert them into consummate actions. To motivate the university officers, faculty, students and staffs for adopting yoga for healthy life and sound mind, a speech was organized. A team comprising Mrs Punam, Mr Dinesh Sharma, Col. RM Singh from Prajapita Brahma Kumari Ishwariya Vishvidyalaya delivered speeches and demonstrated different Yog Mudras. Hon'ble Vice
