

Evaluation of Proliferative and apoptotic markers in Canine mammary tumour for diagnosis and prognosis

1. **Year of start of Project:** DEC 2019

2. **PI and COPI:**

Name of Principal Investigator	Dr. Kaushal Kumar Asst. Professor Vet. Pathology
Name of Associated Scientist/CO-PI	Dr. Deepak Kumar Asst. Professor, Vet. Pathology
	Dr. G D Singh Asst. Professor, Vet. Surgery.
	Dr. Ramesh Tiwary Asst. Professor, Vet. Surgery
	Pallav Shekhar Asst. Professor, Vet. Medicine

4. **Annual Budget:**

Financial Year	Head wise sanction of budget		Remark
1 st Year (2019-20)	NRC	3.88	Purchase procedure Initiated
	RC	2.75	Purchase procedure Initiated
2 nd Year (2020-21)			
	RC	2.75	
Total		9.38	

5. **Salient activities/achievements:**

1. Development of Proforma of tissue sample collection sheet for biopsy / Histopathology Annexure-I.
2. Collection of samples:
All together 6 samples of Canine mammary tumour form VCC, BVC, Patna have been collected, processed routinely and preserved for immunohistochemistry
